"This past year alone, the Dinosaurs and Roses scholarship helped over 20 students & afforded them the opportunity to attend our school. Without this assistance, many students would not be able to attend Faith & experience all of the programs & activities we offer. This year has been so incredibly difficult for so many families financially, that Opportunity Scholarships we received from dinosaurs and Roses was needed more than ever. On behalf of all of our faculty and staff at Faith Lutheran, we would like to thank you and all those responsible for the funding, support, kindness and assistance."

We would like to thank you, Dinosaurs and Roses for giving us an incredible opportunity to provide Connor with a choice in education. He has excelled in his studies and is almost ready to read on his own. Connor one day hopes to be a paleontologist and name a dinosaur that he discovers.

Dinosaurs and Roses,
Thank you so much
for your help getting
me into St. Teresa
School in Carson City.
It is very nice school
and I love my teachers
and classmates. I've
already been to an Ice
cream social last week
and helped clean up
weeds at the school.

A child's drawing on lined paper. It features a central figure of a girl with long hair, wearing a patterned dress, holding a sign that says "Scholarship". The drawing is decorated with several "Yay!" expressions, a sun, and a volcano. The word "Dad" is written at the bottom right. The background is filled with simple line drawings of people and objects.

“Dinosaurs & Roses Opportunity Scholarship is a wonderful program, it allows children who normally would not be able to afford to attend a private school to do so. You can hear the excitement of the parents & the children when they are notified that they are recipients of the Scholarship. I hope more businesses will participate, it's truly a Mitzvah!”
